2.7.4 Operation Instruction

Operation1: Press the door phone calling and press*1 to open the door lock.

Description: when visitor press the special door-phone, The extensions assigned to the
　　　　　　door phone will ringing, at this moment the door-phone will be at the status of

music on hold (if nobody answer after 25s,the system will send a busy tone to door-phone),you pick up the operator extension and can talk to the visitor. While the other ringing Exts will stop ringing.

● During talking with the doorphone, the Extension input * 1 to open the door lock.

☞ 1、Each Extension can pick-up the call and open the door when the visitor press the door-phone

. 2、When visitor press the special door-phone, If the extensions assigned to the Door phone are all busy at this moment, the system will send a busy tone to Door-phone, in the mean time, the extensions will hear a du-du-du waiting prompt (but very short).

3、the system should have 3 ringing tones available for different calls:

-One for the internal calls

-One for the door phone call

-One for the C.O. line incoming calls

Operation2: directly open the door

Pick-up + # 78 then input *1 to open the door lock directly.

Pick-up + # 79 then input *1 to open the door lock directly.

Description: this function can be used only by Programming Extensions
